DETAILED ACTION

1. Claims 1-8 have been presented for examination.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: claims 1-8 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims, specifically:

The recitation with respect to claims 1, 2, 6, 7, and 8 of "said first radio propagation path starts at the transmission point, does not pass the another edge of said shadowing object, and is diffracted at the one edge of said shadowing object before reaching the receiving point,

said second radio propagation path starts at the transmission point, does not pass the one edge of said shadowing object, and is diffracted at the another edge of said shadowing object before reaching the receiving point" in combination with "wherein, when generating the time varying multi-paths, if a shadowing object is present in the line of sight, a received electric field strength E is given as the summation of E_1 that is an electric field strength of a first radio propagation path diffracted by a knife-edge at one edge of said shadowing object and E_2 that is an electric field strength of a second radio propagation path that is different from the first propagation path and diffracted by a knife- edge at another opposite edge of said shadowing object" as well as in combination with the respective remaining limitations of claims 1, 2, 6, 7, and 8. See also Figure 12.

The claims are rendered statutory since they recite an apparatus as hardware in claims 1, 2, and 6 and the method of claims 7 and 8 contain a particular machine notably the parameter control units and propagation path generating units. See Figure 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
